Huge quantity of 350 and 550 w solar panels.

Complete 2022 Photovoltaic Solar Panel Robotic Production System

- Line can run with only 3 people
- Capacity: 140 panels per 8 hour shift Installed and under power in Trois Rivières, Quebec (90 mins from Montreal)

ATW MS40T Series Multi Busbar
PV Cell Soldering Stringer

Pi4 Robotics GMBH EL-Module
Inspection System

Estun Robotic Loading and
Transfer Station, 2 Camera

Auto Soldering Busing Machine,
Model DB100-NZF20

Double 100 EVA 2nd Cutting & Laying Machine
Model DB100-EVA20

Double 100 Double Glass Loading Machine
Model DB100-SB02A

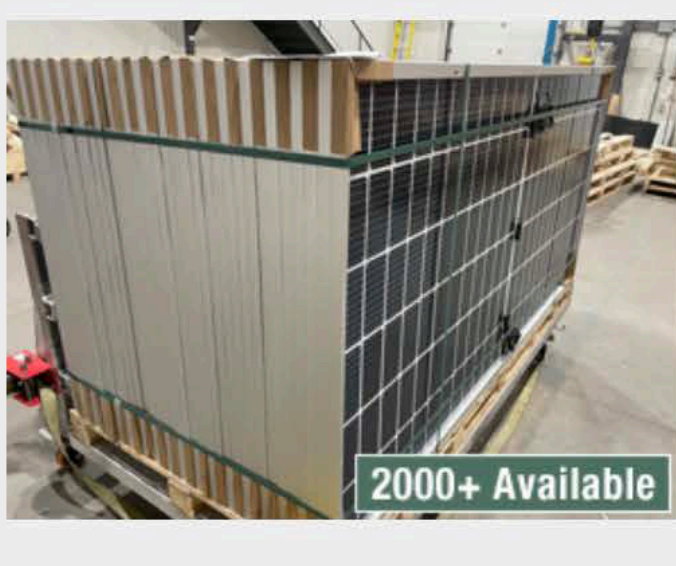

Three Chamber Laminating Machine
Model CYDSC-8728-DGM-DZ

Framer w 2011 Reinhardt-Technik
Double Barrel Glue Pump

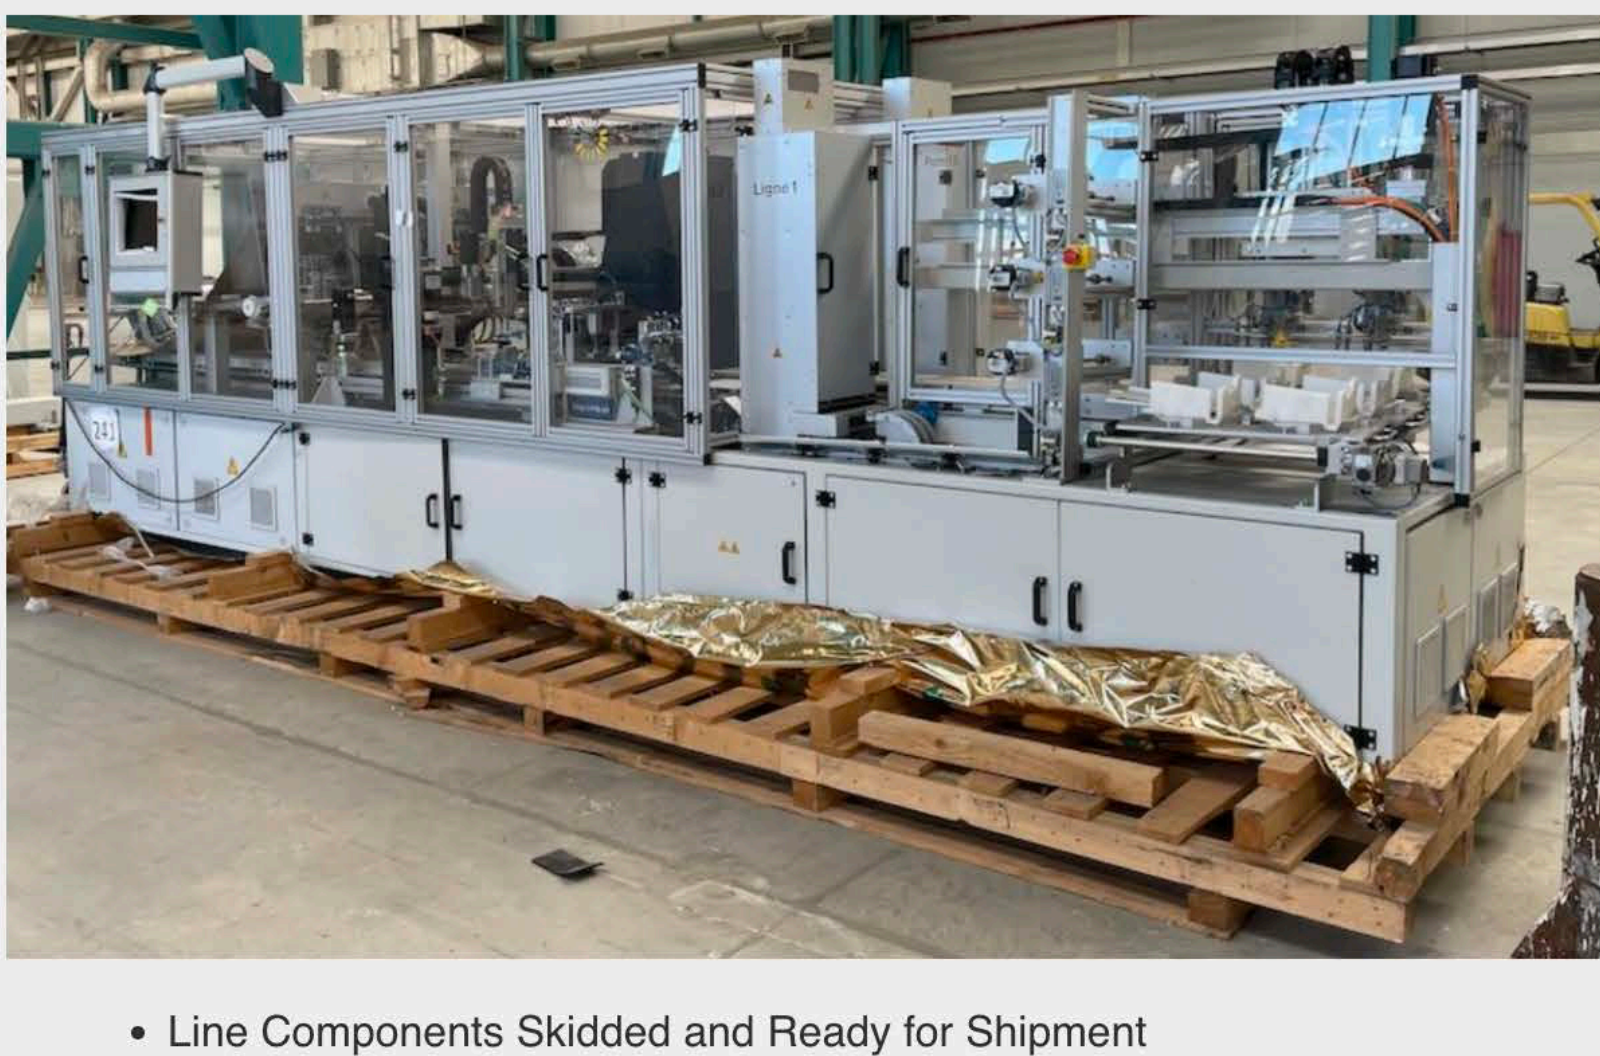

Double 100 IV Tester Inside Positioning Conveyor,
Model DB100-IVDX03

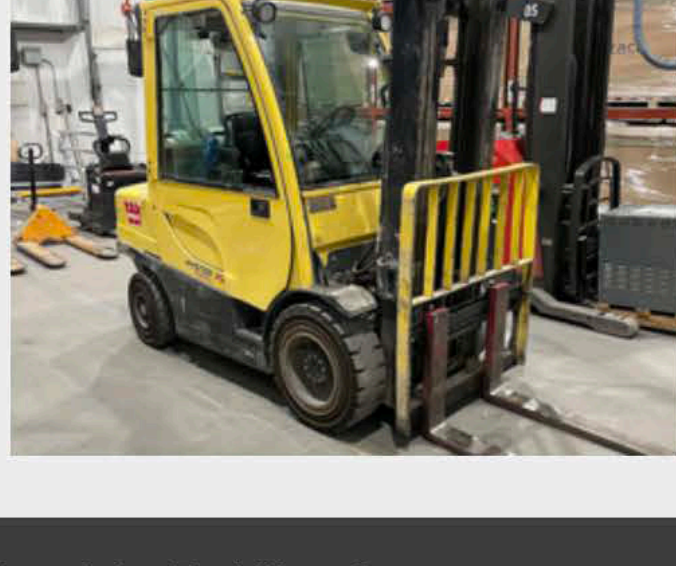

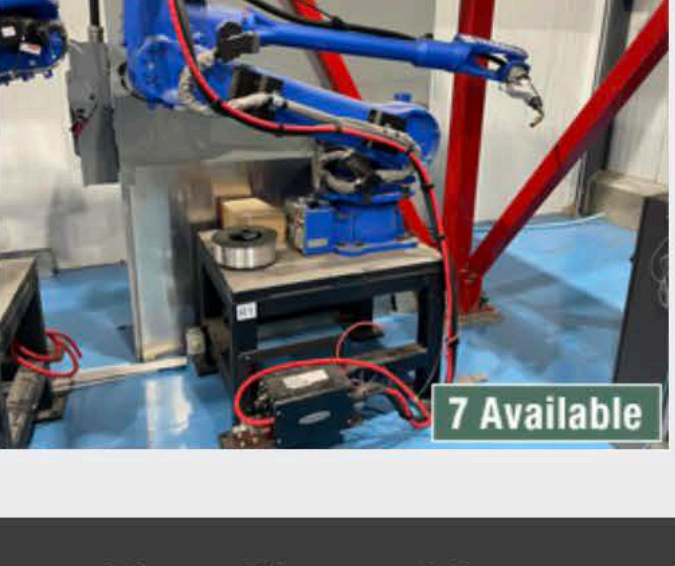

Solar Panels up to 500W

Concentrator Photovoltaic Solar Panel Robotic Production System

- Line Components Skidded and Ready for Shipment
- Location: Matane, Quebec
- (7) Robots
- Wire Bonders, Stampers, Laser Saws, Wafer Sort, (2) Glass washers, LED thermal chambers, ASYS components, Test Units, Chillers, Somont Assembly Systems, Laminator, Current Transformers, Components and more!
- 2012 Trumpf Laser Trudisk 1000, 1000 Watt

Plus... Glass and Component Raw Materials, Forklifts, Compressor, Mobile Crane, Pallet Wrapper, 20+ Sea Containers
